

NORWICH NEWSPAPER IN LABRADOR

How the Courier Comes to Horace I. Lucas at Clarke City, Province of Quebec—Dog Team Seven Weeks on the Way From Civilization—Navigation Closed From November Till April or May.

What is possibly the farthest north for the Norwich Bulletin, is shown in the accompanying picture of a dog-sled team, such as carries the mail to Clarke City, Labrador, Province of Quebec, where Horace I. Lucas, a Norwich boy, is now located with the North Shore Power, Railway and Navigation company, the St. Marguerite river. Mr. Lucas is the man with the dog team in this picture.

Where the dogs stand, he writes that there is a good ten feet of snow, and it is at times up to the tops of the tenement houses on some sides. There is no shoveling of sidewalks there.

In sending an order for the renewal of this paper, Mr. Lucas writes as follows:

"I am enclosing a few snapshots that will give you somewhat of an idea of this country that your paper reaches in the winter."

"Navigation will be stopped by this time this reaches you, and from now

until next April, or May, we have to depend on dog teams to bring in what mail we get. I was fortunate last winter in getting the Courier when none of the other papers came through as all, owing to the other papers being too heavy. The amount of mail brought in is limited to 300 pounds to each dog team, and the first-class matter has first show, and the lighter weight papers have the best chance of getting through, as lots of times there is little room for anything but the first-class mail. The first dog mail will be a month to seven weeks on the way, but after they get all the relays to going we will get a mail about every three weeks."

The North Shore Power company, in which Mr. Lucas is connected, has two miles on the river, the lower one having a head of 62 feet or about 30-400 horse power. Their production is 170 tons of bone dry wood pulp every 24 hours, and it takes 140 cords of spruce every day to keep the mill going.

FOUR FORESTERS CANDIDATES

Worked in New Initiative Form by Court City of Norwich.

At the semi-monthly meeting of Court City of Norwich, No. 63, Foresters of America, on Friday evening, in Foresters hall, a large number of members assembled to see four candidates through the new form of initiation, which in the opinion of those present is the most and more impressive than the old. Also to hear Brother Moriarty of Cleveland, Ohio, an old Forester, who has had experience both in the subordinate and grand courts. He related his experiences in the order in a very interesting way. The court has decided to have an entertainment in their rooms the first Wednesday of December.

PASTORATE IN VERMONT.

Rev. Charles K. Tracy is to be located with Church at Stafford.

Rev. Charles K. Tracy and family have gone to Stafford, Vermont, where he has taken a pastorate for one year. Rev. Mr. Tracy and family have been staying with relatives in this city since returning last spring from the mission field in Turkey.

Fund for Charity Work.

The Roundabout club members are planning to give a minstrel show, the proceeds of which will be used for the benefit of the colored poor of the city. The United Workers will have charge of the distribution of the proceeds. The club officers are as follows: President, Miss Ella P. King; vice president, George H. Johnson; secretary, Mrs. Lettie Wormsley Yarn; treasurer, Mrs. Louise Coby Hall; general manager, Charles F. Hall.

Four Sailors Held.

Charged with disobedience of orders and refusal to do duty, James Knox, Joseph Robinson, Charles R. Marshall and Gus Chisholm, former seamen on the schooner Ann Louisa Lockwood of New York, were held for trial in the United States district court when arraigned before U. S. Commissioner Butler at New London Friday. The men were arrested on Thursday by revenue cutter service officials.
